## Introduction

AMONG THE tens of thousands who have been miraculously healed by the Lord under our own ministry in 70 nations of the world, only a small fraction of them have been individually prayed for. Most of them have been healed through their own faith which came to them while meditating on the Bible truths we presented from the platform or from the printed page.

When we published the first edition of this book, we never dreamed that it would bless such vast numbers of people.

A continual stream of testimonies come to us from all over the world. They are written by those who have been joyfully converted and miraculously healed while reading our literature.

Those who carefully read and act upon the truths we present here obtain a broader understanding and a more solid faith than those who hear only occasional teaching on the subject of healing.

Many who have attended our crusades, but failed to receive healing, have later been miraculously healed while reading this book.

God sent his word and (it) healed them.

The gospel is the power of God to everyone that believes.

When believed and acted upon, any promise of God is transformed into the power of God.

Every promise of God contains the power of God necessary to produce what it promises, when it is believed and acted upon.

God's promises are life to those that find them, and health to all their flesh.

It was when these facts became real to us that we decided to put into print this volume of messages and offer them to the millions of sufferers to whom we may never minister in person.

This revised and enlarged edition is sent out with confidence that those who read and meditate on these Bible truths will receive vital faith, will act on God's promises, and will be miraculously healed.

No literary style is pretended. Our only aim is to make the simplest possible statements which may serve as an anchor for real living faith in the hearts of the humble and sincere, of the poor in spirit, who make up the masses of humanity.

I am especially indebted to the writings of F. F. Bosworth and E. W. Kenyon. The material abridged from their writings has been used by special permission.

Dr. Daisy Washburn Osborn, my wife, associate minister and my closest confidante and collaborator in writing, has taken much valued time from her own writing ministry to edit, correct and revise the latest edition of this book, for which I am deeply grateful.

It is my prayer that the reader shall experience great spiritual and physical blessings through the truths I have presented.
